**Word (verses):**

40                        What was the man's problem and what were the results?

40                        What did the man do to get Jesus to heal him and how might we do the same before God?

41                        What stops people bringing their needs to Jesus and being active in prayer?

41-42                    How did Jesus respond and what did he do to achieve this miracle and how might we expect Him to work in us when we present our needs to Him?

43-45                    Why did this man not obey Jesus and why did Jesus give him this command?

How can we help people to get healed and become true disciples with e.g. control over our mouths?!
